February 29, 1984

Mr. Bill Casey, Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Bill:

You may recall our conversation at the White House on January 29 concerning my son's interest in working for you this summer. At that time you mentioned the possibility of an internship or some type of summer job at your agency, and asked that I send you more particulars.

My son, [redacted] is very interested in the foreign service or diplomatic corps. [redacted] STAT

[redacted] and grades are enclosed. [redacted] His resume [redacted] 25X1

What else can I say, Bill, except that he is a bright, healthy and pleasant lad who wants to produce. A summer position with you would mean very much to him and consequently to me.

Please let me know what the possibilities are and thank you for your time.

Sincerely,
